

Imatest Online Activation

Imatest may be installed on several computers, but an ImaTest license can only be activated on one computer at a time. To run ImaTest, you must activate your license. If your computer is online you can follow the procedure below. If it's offline, go to [Offline Activation](#). If you are moving an activation from one computer to another, you'll need to perform [Online Deactivation](#) or [Offline Deactivation](#) first.

Start by opening the **Imatest License Manager** from the ImaTest program group or by clicking **Help, License Manager (Activate)** from ImaTest Master (or other GUI-based version).

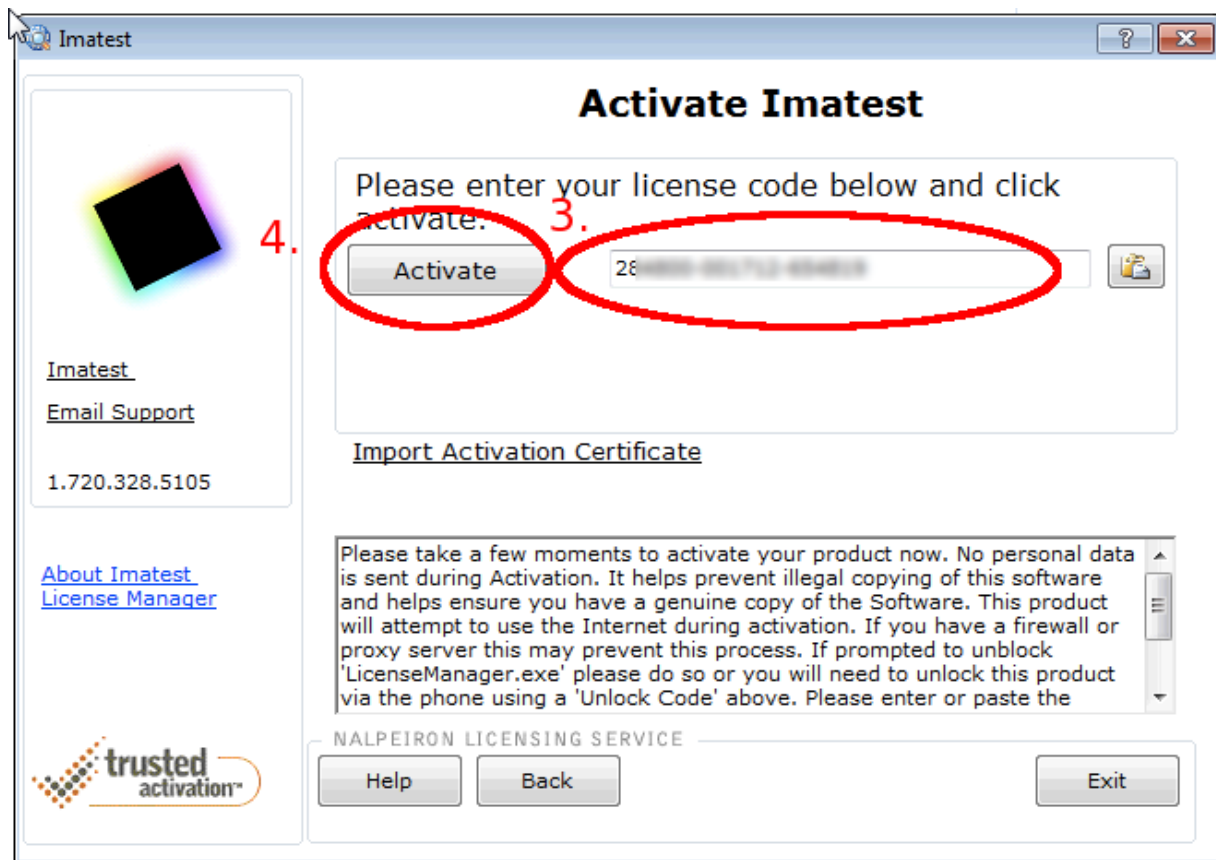

1. Choose **Activate ImaTest**.

2. Choose .

Enter the license number you received in your e-mail after purchasing the product

4. Select .

5. If you have registered before, you can log in with your registration information or skip to #9 with completed activation. Please contact us at support@imatest.com if you've lost your username and password.

6. if you have not yet created an activation account click .
